

About SDRI

SDRI, is a 501c(3) non-profit organization and a Support Service Brokerage. SDRI has served people with intellectual and developmental disabilities and their families in the Portland area since 1997. SDRI was initially funded through a Robert Wood Johnson grant to develop a model brokerage to initiate service systems change for the state of Oregon. In 2001, the state's Office of Developmental Disability Services created the Support Services for Adults program based, in part, on the model SDRI developed. There are currently 13 regional Support Service brokerages in the state of Oregon, all originally modeled after SDRI.

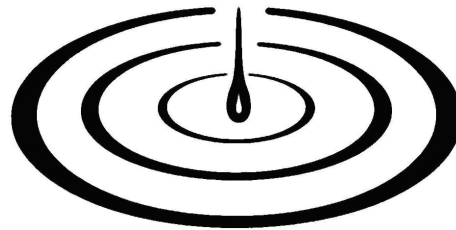

Since 1997 SDRI's annual operating budget has grown from \$100,000 to over 8 million dollars and our staff has grown from 2-24. SDRI currently provides services to adults with intellectual and developmental disabilities as well as adults with chronic mental health issues. SDRI currently serves over 560 adults who live in their own homes or with their families with a primary service area of Washington County.

Our Mission:

To support people with disabilities to determine and direct their lives.

Our Vision:

All people with disabilities are empowered and supported to make their own choices and lead personally fulfilling lives.

**Private Pay
Brokerage
Services for
Adults with
Intellectual &
Developmental
Disabilities**

*An affordable, quality
alternative for individuals with
I/DD who no longer qualify for
the Support Services for Adults
Program*

How Private Pay Services Work

Individuals who choose to privately pay for services will receive the full range of Brokerage Services. These include:

Personal Agent Services: Private Pay customers receive the same Personal Agent Services as all of our customers. If you are already an SDRI customer, you would keep your current Personal Agent and should see no difference in the level of service they give you. If you are new to SDRI, your Personal Agent will assist you with making your plan, helping you find qualified providers, monitoring your plan, advocating for you with other agencies and helping you problem solve issues that come up.

Administrative Services: Private Pay customers will also receive the full administrative support of SDRI. This includes Fiscal Intermediary Services if you have employees, vendor payments if you are working with agencies or contractors and running criminal background checks and qualifying providers that you want to work with.

Fiscal Intermediary Services

If you do not need the full range of Personal Agent and Brokerage services, but still wish to employ someone to provide you with the direct supports you need, you can opt to privately pay just for Fiscal Intermediary Services. You will be assigned a Personal Agent, however, your services will be limited to helping you ensure that your employee is paid in a timely manner and all needed employer responsibilities are being fulfilled. This includes ensuring employer taxes are being paid and running criminal background checks and qualifying individuals you wish to employ.

Costs

Private Pay Services

\$204 per month

Fiscal Intermediary Services

\$50 per month

All costs are based on a monthly fee and do not limit the amount of services the customer can receive in any given month.

A deposit is required for all private pay or fiscal intermediary services.
