

## **OIS® Oregon Intervention System Webinar Workshop:**

This workshop is being offered during the Coronavirus Pandemic as a way to provide training while still following “social distancing” restrictions.

All participants must have a computer with a camera and internet access. Smart phones will not be allowed. This workshop will be hosted through Zoom.

After this training, participants are required to attend an OIS physical skills demonstration webinar. OIS requires that participants attend this live webinar within 30 days of completing the curriculum portion of the workshop. There is ONE physical skills webinar on the OIS calendar for the Physical Skills: July 22 from 1pm-3pm. (If this date does not work for you and/or your staff do not register for this webinar.) Once the OIS curriculum webinar has been completed, supervisors should email OIS at [OIS@asioregon.org](mailto:OIS@asioregon.org) at least 3 business days in advance of the physical skills webinar. OIS will email a link for registration purposes. Participants must watch the webinar on a computer with a camera (no smart phones) and be observed watching the webinar by their immediate supervisor (or by an O.I.S. Instructor.) Watching the webinar from home without supervision will not be credited for completion. Once a participant has successfully completed both webinars, they will receive a Level G OIS certification.

***A proficiency in English is a requirement for this workshop.***
